

Discover your sustainability knowledge!

Want to make a difference for the planet and your future?
Take TASK™ – an online assessment designed to help you:

Assess your knowledge
and identify areas for
growth

Get a certificate,
a great asset for
future employers!

Help your institution
improve sustainability
education

How does it work?

In 80 minutes, you answer to 112 multiple-choice questions about:

Earth Systems, including climate change and biodiversity loss

Human Welfare, including eradicating poverty and inequality

Levers of Opportunity, exploring what enables us to make positive changes

At the end, you get detailed results, benchmarking and your certificate!

Join thousands of students worldwide and take TASK™!
